

## “Nationwide Payment Solutions as Business Partner”

### *5 Reasons Why NPS is Your Preferred Processor*

1. **Competitive Rate Guaranty** – Your business is very important to us and we intent to make every effort to keep you as a valued business partner. We want you to know that during your contract term with NPS, your rates are protected by our “**Competitive Rate Guaranty Policy**”. This policy guarantees that NPS will review and match any legitimate competitor’s offer for processing services.

2. **Early Cancellation Policy** – While other processors might rely on deceitful contracts to keep their customers “locked-in” or charge huge early termination fees, NPS relies on its customer service and support. If, for any reason, you experience trouble or problems with our processing, support or services, and they cannot be resolved to your satisfaction, our contract’s “**Early Cancellation Policy**” allows you to terminate the processing agreement without penalty by notifying NPS in writing 60 days prior to switching to another processor.

3. **Single Source Company** – As a recognized leader in the electronic payment processing industry, NPS provides a full suite of products and services to enable you to accept all forms of non-cash payments. We are dedicated to empowering our business partners with the most cost-effective and efficient processing tools available today.

4. **Outstanding Customer Service** – Some processors promise you savings but when you need service they fall short. NPS has built its reputation on providing the best in personalized service at the most competitive costs. When you have a problem you want to be able to depend on fast answers and quick results from your processor. This is why we enable you to be as efficient as possible by providing you with latest in technology and the highest levels of quality customer service in our industry. You are our business partner and we are dedicated to supporting you 24/7.
